Work Experience

Unit Unicorn
Intern Frontend Developer
November 2024 – June 2025

- Developed and optimized responsive web applications using React, TypeScript, Vite, HTML5, and CSS, ensuring high performance and scalability
- Implemented Material UI components to deliver consistent, modern, and user-friendly interfaces
- Wrote unit and integration tests with React Testing Library, improving code reliability and maintainability
- Collaborated with cross-functional teams in an agile Scrum environment, participating in sprints, demo days, and customer development sessions
- Managed tasks and workflows in Jira, ensuring transparent progress tracking and effective prioritization
- Strengthened proficiency in Git / GitHub for version control, enabling smooth collaboration, efficient branching strategies, and code review practices
- Fostered strong team communication, supporting peers in debugging, solving critical issues, and developing innovative solutions in real-world production settings

Education

Cracow University of Technology, Cracow
October 2022 - Present
Faculty of Computer Science and Telecommunications
